Network Services - UCaaS - Structured Cabling – WIFI – VoIP Phone Systems

K-12 Network Security with Fortinet Firewall

As you plan your internet service requirements for 2022 E-rate season, you might want to consider this:

You can add a managed **Fortinet Firewall**
for as little as **\$50 a month**.
When bundled with your network,
we have confirmed with USAC that it is
fully eligible for Category 1 E-Rate funding.

Reasons to include a managed firewall on your E-rate Form 470:

- Many school districts have been hit with ransomware and malware attacks
- An integrated firewall from your internet service provider is a Category 1 expense
- Improve the throughput of your network at a lower cost
- The firewall is managed by knowledgeable network security engineers, removing that burden from your IT staff

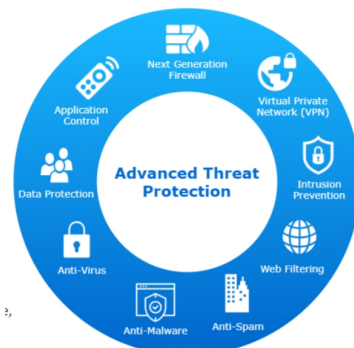

FirstComm and Fortinet

FirstComm offers the complete line of Fortinet firewalls with throughput from 500 Meg to over 2 Gig when fully configured for maximum security. The model 40F for example, provides 600 megabits of throughput at just **\$50/month**. A FirstComm managed firewall provides enterprise class technology to protect your school with a first line of defense against malicious internet traffic. As a managed solution, it includes installation, configuration, updates, monitoring, and maintenance.

FirstComm Fortinet Advanced Threat Protection

Included Features:

- Web Filtering
- Intrusion Prevention
- Anti-Virus Protection
- Anti-Spam
- Anti-Malware
- Data Loss Protection
- Full Feature Next Generation Firewall
- VPN private, encrypted “tunnels”

Contact Us

We are knowledgeable in network security. We can help you determine your firewall needs as you prepare your 470 request. We can bring you the FirstComm network and security appliance quote. Feel free to call on us for this assistance.

NexGen's engineers, several of whom are IT staff members at large educational facilities, can help you with all of your technology upgrades. For more information, contact Jack Bush at 847-459-1220 or jbush@sandgcom.com

NexGen / S&G Communications is an E-rate approved vendor.
