A hosted option for your Allworx phone system is an economical solution. You can also take advantage of Softphones for work at home and get the system security of being hosted in a highly reliable data center. You can keep your existing Allworx 9200 series phones, upgrade to the new Allworx Verge (9300 series) phones, or mix and match the old and new models which work fine together beautifully. New phones can be leased per seat, or purchased. For more information, contact:
